Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Thursday 11 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Very cold start and becoming increasingly cloudy.

Today:
After a frosty start it will be dry, although there may be a few early snow showers in the far east, becoming increasingly cloudy during the day. Feeling cold in the freshening southeasterly wind. Maximum temperature 3 deg C (37 deg F).

Tonight:
There will be scattered cloud but mainly dry with strong southeasterly winds, a frost is still likely for most areas. Minimum temperature 0 deg C (32 deg F).

Friday:
A cloudy day but mainly dry, accompanied by strong winds and coastal gales so still feeling very cold. Maximum temperature 4 deg C (39 deg F).

Outlook for Saturday to Monday:
Dry start on Saturday but snow moving east with gales too. Drier overnight but rain and sleet on Sunday and Monday, gales around the coasts. Winds easing Monday.
